

SCHOOL OF COMMUNITY HEALTH
COMPULSORY ONLINE TRAINING MODULES
Food Handling Session (for Speech Pathology, Speech Masters and OT students)

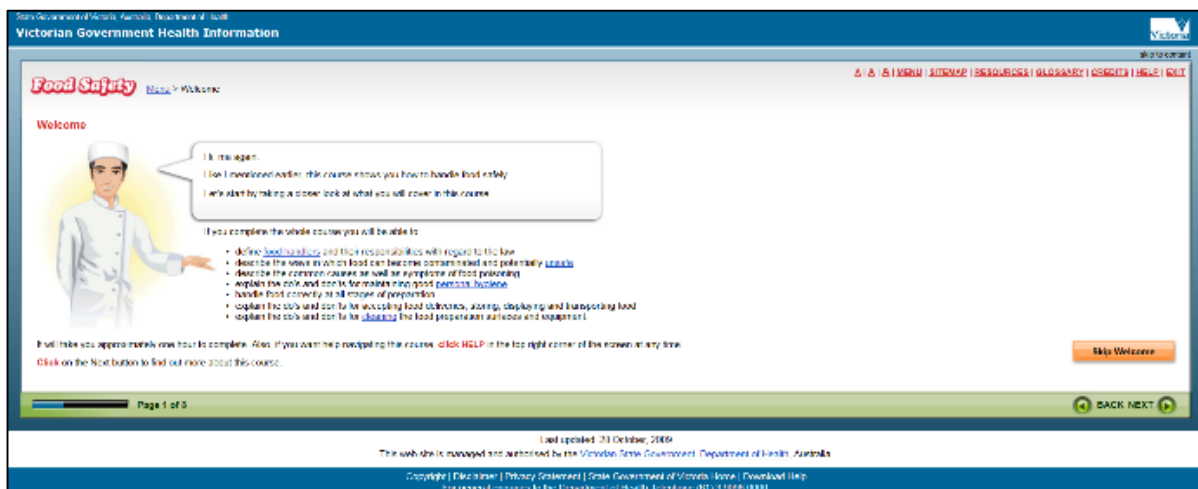

Date: To be completed by pre-clinical deadline date.

Instructions: This module is available online. You will need access to a printer and headphones if you are not in a private location.

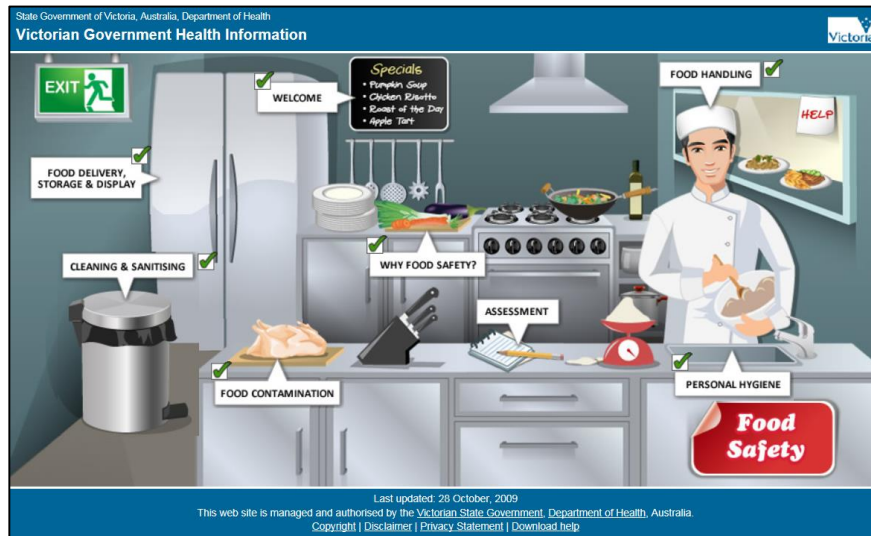

1. Navigate to the website <http://dofoodsafely.health.vic.gov.au/welcome.php>
2. You will see the following screen:

3. Click on the **Start** button to begin the training.
4. You will then see the following **Welcome** screen. This screen gives you information about the training and tells you how to navigate through the training.

5. Once you have completed the welcome session, you will see the following screen:

6. Complete all the modules within the training. When you have completed those you are ready to complete the **Assessment** module.
7. When you have successfully completed the Assessment you will be able to print your certificate. Please upload a copy of this certificate to the relevant area on Inplace. Instructions on how to do this can be found in the Workplace Learning Interact site.
